

REMARKS

Claims 1-32 are pending in the present application.

The Examiner has required election in the present application between:

Group I, claims 1-12, drawn to a micro-well array chip with markers on the substrate;

Group II, claims 13-17, drawn to a micro-well array chip with protrusion within the opening;

Group III, claims 18-22, drawn to a method of manufacturing a micro-well array chip;  
and

Group IV, claims 23-32 drawn to a micro-well array chip for holding only one organic cell.

**For the purpose of examination of the present application, Applicants elect, with traverse, Group IV, Claims 23-32.** Upon allowance of the product claims, suitable process claims should be rejoined.

The Examiner's attention is directed to page 2, Group IV of the Office Action. Please note that Group IV refers to claims 23-36 drawn to a micro-well array chip for holding only one organic cell. We believe that this is an inadvertent error and the Examiner should have referred to claims 23-32.

Should there be any outstanding matters that need to be resolved in the present application, the Examiner is respectfully requested to contact Marc S. Weiner, Registration No. 32,181 at the telephone number of the undersigned below, to conduct an interview in an effort to expedite prosecution in connection with the present application.

If necessary, the Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to our Deposit Account No. 02-2448 for any additional fees required under 37 C.F.R. § 1.16 or under § 1.17; particularly, extension of time fees.
